Clinical Microbiology, Serology and Parasitology Laboratory
2015 SW 16th Ave. Room VS-50
Gainesville, FL 32608-1166
P: 352-294-4726
F: 352-846-0531
E-mail: cmps@vetmed.ufl.edu

Additional information:
http://labs.vetmed.ufl.edu/

Microbiology
- □ Aerobic Culture
- □ Systemic Susceptibility
- □ Topical Susceptibility (Ophthalmic or Otic Samples Only)
- □ NO Susceptibility
- □ Anaerobic Culture – NO Susceptibility
- □ Bacterial Isolate ID w/ Susceptibility
- □ Bacterial Isolate ID – NO Susceptibility
- □ Blood/Joint Culture – Submit in bottles
- □ Dermatophyte Culture
- □ Filamentous Fungi Isolate ID
- □ Fungal Culture*
- □ Mycobacterium Culture*
- □ Mycoplasma Culture*
- □ Pythium/Lagenidium Culture*
- □ Yeast Isolate ID

Fecal Pathogens
- □ Campylobacter spp. Culture
- □ Clostridium difficile Culture
- □ Enterotoxin ELISA
- □ Enterohemorrhagic E. coli Screen
- □ Salmonella Culture
- □ Shigella Culture
- □ Yersinia Culture

Parasitology
- □ Baermann Technique
- □ Parasite ID
- □ Hair or Feathers
- □ Tick or Mite (Ectoparasite)
- □ Worm (Internal Parasite)
- □ Fecal Flotation
- □ Fecal Flotation with quantification if indicated (McMasters)
- □ Giardia Antigen ELISA
- □ Microfilaria Exam (EDTA blood)
- □ Trichomonad Culture**

*Confirmation of ID by molecular methods or susceptibility testing are performed by reference laboratories upon request. Additional fees will apply.

**Contact laboratory prior to submission

Stains
- □ Cryptosporidium modified acid fast stain
- □ Gram stain
- □ Mycobacterium acid fast stain

Serology
- □ Heartworm antigen DIROCHEK ELISA
- □ Equine Infectious Anemia
- □ STAT Equine Infectious Anemia
- □ Feline Heartworm antibody
- □ Rotavirus Antigen ELISA

Latex Agglutination Testing
- □ Brucella canis
- □ Cryptococcus neoformans/gattii

Immunofluorescent Assay (IFA) Testing
- □ Borrelia burgdorferi (Lyme)
- □ Canine Distemper Virus
- □ IgG/IgM clinical screen
- □ IgG vaccination screen
- □ Neospora caninum
- □ Rickettsia rickettsia (RMSF)

This form does not include all tests performed by the Clinical Microbiology, Serology and Parasitology laboratory. For a full list of tests offered, please visit the website or contact our Central Receiving department at 352-294-4726.
